

DeCanal represents modern, versatile and traditional wines from Veneto region.

PROSECCO

DOC
VINO SPUMANTE EXTRA DRY

Grapes:

Glera.

Vineyard:

The grapes are selected from vineyards located in the Province of Treviso. The microclimate gives the perfect pre-harvest conditions of cool nights and considerably hotter days. The result is excellent fruit quality in the grapes.

Harvest:

The grapes are carefully picked by hand in September.

Vinification:

White wine method with soft pressing. The wine is produced with the Charmat fermentation method in low-temperature pressure tanks. This process preserves the fruit personality of the grape.

Winemaker's notes:

Straw-yellow in colour, with a fine perlage. Delicate and floral on the nose, with typical notes of Golden apple. To the palate, the wine presents a nice acidity combined with a well-balanced smoothness and a good sapidity. Decanal Prosecco Extra Dry is the perfect accompaniment to any meal. Enjoy it also on its own as an aperitif.
